

THE CITY OF MADRAS

Downtown Sidewalk Repair Grant Program

Program Background

The City of Madras recognizes that the maintenance of sidewalks within the City is necessary to protect the health, safety and welfare of residents and visitors. The City's sidewalk Ordinance places the responsibility for sidewalk maintenance upon the adjacent property owner.

The City has received complaints about uplifted sidewalks that are in need of repair. Many times, the sidewalk damage has been caused by trees, age, or weather. The City of Madras understands the burden to businesses' to repair their adjacent sidewalks due to damage and age and wants to provide relief to the property owner by providing assistance through the Downtown Sidewalk Repair Grant.

Eligible Uses of Grant Funds:

1. Applications will only be accepted for properties within the Urban Renewal District.
2. Property owners may only apply for one grant for one property in a calendar year.
3. First-time applicants will be given priority over previous applicants.
4. Applications must be received and approved by the City prior to any work being performed. Retroactive applications will not be accepted.

Use of Funds:

1. Grant funds may only be used for the construction/ reconstruction of sidewalks and or ADA ramps within the Urban Renewal District.
2. Property owners are responsible for obtaining and complying with the conditions of the City's Right-of-Way permit for jobs that require sidewalk and or ADA Ramp.
3. In order to access grant funds, property owners must obtain and submit an estimate from a licensed contractor with a current City business license. The maximum grant reimbursement will be up to \$1,000 of the submitted estimate or up to \$1,000 of the actual invoiced amount, whichever is less, regardless of whom the property owner chooses for the work.
4. All grant awards and reimbursements will be made on a first-come, first-served basis, subject to the availability of funds in the approved City Budget. Once the budgeted amount has been expended, no further applications will be approved.
5. The lack of sufficient funds to cover the number of applications received by the City in any given year will not excuse the property owner from the responsibility of maintaining the adjoining sidewalk in a safe condition nor create any liability to the City for any unsafe sidewalks.
